EDUCATION

University of Southern California

Los Angeles, CA

Bachelor of Science in Computer Science and Business Administration

Expected May 2026

Awards/Honors: 2025 Microsoft CISO Intern Showcase Best Cross-Collaboration Impact Project, USC Dean's Scholar, USC Black Alumni Association Scholar, UNCF Chevron Corporate Scholar, PG&E Scholar, USC Graduating Senior Student Recognition Award, Viterbi Grand Challenges Scholar Distinction

EXPERIENCE

Microsoft

Redmond, Washington

Incoming Full-Time Technical Product Manager

Starting August 2026

Technical Product Management Intern

May 2025 – August 2025

- Improved incident resolution speed and operational efficiency by owning the full product lifecycle of a security incident management feature, enabling 800+ case linkages
- Authored a comprehensive product requirements document (PRD) with prioritized features, 10+ high-fidelity UI mockups, and a 10-week delivery roadmap, driving alignment across engineering, product, and senior leadership
- Facilitated Agile ceremonies (twice a week stand-ups, backlog grooming, and sprint planning) to deliver features on time, unblock cross-functional teams, and maintain alignment with business objectives
- Conducted 5+ user interviews with Security Program Managers to evaluate the automation potential of 50+ critical tasks in the vulnerability case triaging process, achieving a 100% assessment completion rate

ServiceNow

San Diego, California

Technical Program Management Intern

May 2024 — August 2024

- Coordinated over 15 user interviews with Engineering Program Managers within different business units of ServiceNow to gather key pain points endured in their workflows
- Analyzed data gathered from user interviews and developed over 3 proposed solutions with an in-depth product roadmap for the most critical solution using Miro
- Developed and designed a SharePoint site to centralize information regarding company perks and benefits, enhancing resource accessibility for over 36 Engineering Program Managers

Chevron

Houston, Texas

Software Engineering Intern

May 2023 — August 2023

- Developed a Python script to automate the process of changing the locations of over 200 access points connected to different Wireless LAN controllers (WLCs) by cross-checking their correct location with a list of over 1000 building codes
- Conducted user research to design a user-friendly dashboard to visualize different firewall metadata through XML API calls

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

Management Leadership for Tomorrow

Washington, DC

Early Access MBA Prep Fellow

February 2026 - Present

- Selected as 1 of 15 fellows nationwide for a premier pre-MBA group coaching program focused on the deferred enrollment application process to refine my professional narrative for future MBA candidacy

Recruitment Captain

June 2025 — Present

- Curated a strategic year-long social media strategy to boost MLT Career Prep West Coast applications
- Coordinated a USC and MLT professional development workshop with over 5 on-campus organizations for over 60 students

National Society of Black Engineers (NSBE)

Los Angeles, California

Region VI Chairperson

May 2024 — Present

- Spearheaded a team of 25 students to plan and execute a flagship conference with workshops and a career fair, attracting over 1000 attendees and securing over \$180k in revenue through registrations and corporate sponsorships
- Served as the Chairperson for the largest geographical region within NSBE, overseeing over 1000 Black engineering students and managing over 60 chapters
